 Section 2. Finances & Enrollment (Required for All Versions)**

This entire section must be filled out in order to be listed in the VSE Report and be eligible for the CASE Award Program.

ENROLLMENT Count enrollment at the beginning of the academic year being reported (i.e., fall of 2004 for the report covering the 2004-05 fiscal year). All students (except continuing education) are counted: full-time, part-time, resident, extension, non-degree. **DO NOT** convert part-time students to full-time equivalents. **FULL-TIME EQUIVALENT ENROLLMENT** Count the FTE enrollment figure as of the beginning of the reporting period, i.e., opening fall FTE enrollment. If the FTE figure is not available, use the formula: the sum of all full-time students plus one-third of the number of part-time students (e.g., three part-time students equal one full-time student). **ENDOWMENT/LONG-TERM INVESTMENTS** Include all the following: - True endowment : funds provided the institution, the principal of which is not expendable by the institution under the terms of the agreement that created the fund. - Term endowment : similar to true endowment except that all or part of the funds may be expended after a stated period or upon the occurrence of a certain event as stated in the terms governing the funds. - Quasi-endowment : funds functioning as endowment - funds given to the institution "with no strings attached" or surplus funds that have been added to the endowment fund, the principal of which may be spent at the discretion of the governing board. Public institutions should include the combined endowment of the foundation and the institution. As a guideline, institutions should enter the amount reported on the NACUBO endowment survey. **EXPENDITURES** Include all expenditures for Instruction, Research, Public service, Academic support, Student services, Institutional support, Scholarships and fellowships, and Operation and maintenance of physical plant. Exclude Auxiliary Enterprises, Hospital Services, and Independent operations. Public institutions should enter the combined expenditures for the foundation and the institution.

Section 3c. Deferred Giving**

Please report both Face Value (FV) and Present Value (PV). The Present Value for VSE purposes is defined as the tax deduction to the donor as allowed by the IRS. You must report both. If you find your records do not contain both figures, please contact VSE Support and request help. The survey cannot be accepted without face and present value figures. There is a deferred gift calculator at www.cae.org/vse. This section is only for NEWLY established deferred gifts or gifts that had funds added to them this year. You do not report REALIZED deferred gifts anywhere on this survey. They are reported only when established. Also, do not put pledges or bequest intentions in this section. You can record them in section 1 if you want to keep a record. Please enter 0 where no gift income was received for a particular cell.
